Moderný dizajn dlažby s hrúbkou 20 mm umožní, aby sa vonkajšie priestory stali prirodzeným pokračovaním domových interiérov. Dlažba s hrúbkou 20 mm je farebne stála a odľavá blednutiu farieb spôsobenú poveternostnými podmienkami a UV žiarením. Zároveň je odolná voči machu, plesniam, soľam a tvorbe škvrn. Je štýlova a zaručene elegantná.
